A TEMPORARY MONTHLY COVID-19 FEE is being put in place in order to ensure that the center can operate while facing reduced capacity and increased operational expenses related to implementation of the COVID-related “statewide standards for childcare operations” which took effect in May 2020. We recognize that the pandemic has created unprecedented challenges to the families in our community. For this reason, the university is going to centrally cover these costs through December. Given the university’s budget challenges, this is not a sustainable solution. However, it does afford us time to assess the fee in light of actual operational costs during the fall, reduce the fee if possible.
